

The 29th Annual PNWSGNA Fall Conference

Course Objectives

1. Describe two less common Gastroenterology diagnoses.
2. Identify two medications that are used for IBS and their risks and benefits.
3. Discuss the team approach to running an effective, safe endoscopy suite.
4. Describe two different types of probiotics.
5. Describe one treatment of pain control for the pancreatic cancer patient.
6. Explain the difference between acute and chronic pancreatitis.

Course Information

FOR THE SIX LECTURE SESSIONS

This educational activity has been submitted to the Society of Gastroenterology Nurses and Associates, Inc. for approval. The Society of Gastroenterology Nurses and Associates, Inc. is accredited as an approver of continuing education in nursing by the American Nurses Credentialing Center's Commission on Accreditation.

Please note that Certificates of Completion will not be distributed until the end of the conference. For recertification, you may need to retain the Certificate of Completion for up to 6 years.
